Did you see the movie "Hop" before? The movie is about a rabbit called E.B. E.B.'s father, Mr. Bunny, owns a candy factory in Easter Island in South America. Mr. Bunny hopes E.B. to become the next owner of the factory and deliver eggs and candy to good kids on Easter. However, E.B. enjoys music more and wants to be a drummer of the band. He has no interest in his dad's business. E.B. ran away from Easter Island and got into human world. After he knew there were some problems with the candy factory and Easter. He decided to do something to save the factory and Easter.

Easter is in spring, and the date of Easter isn't the same every year. It falls on the first Sunday after the first full moon after March 21st. Catholics and Christians believe Jesus left the Hell, came back to the world, and lived again on that day. However, the holiday is not all about religion. Christians celebrate the rebirth of Jesus because Jesus brought hope to people. Other people celebrate the coming of spring. But why are rabbits and eggs related to the Easter? When spring comes, trees and bulbs begin to grow. New lives of many animals begin at the moment they break the eggs. Mother rabbits give birth to lots of little rabbits. Almost all new lives come to the world in spring. Since new lives begin in it, surely the productive rabbits and eggs will stand for spring and Easter.
