CCB HOT News

Are E.T. for Real?

Boyd Bushman, a great space scientist, died on August 7, 2014 at the age of 78. Before his death, he said in a interview that the reports about UFOs and aliens were true. He even said there were many aliens working for the US government.

Bushman showed pictures of UFOs and aliens to let people know he didn't lie. He said those aliens came from a planet called Quintumnia, and they were traveling in a 38-foot-diameter spaceship for 45 years to get to the Earth. According to his studies, there were 18 aliens working 24 hours a day, 7 days a week at Area 51, and some were already 230 years old. Do you want to know what they look like? Bushman said the aliens were around 4.5 to 5 feet (around 130-150 centimeters) tall with fingers and feet, just like those of frogs', but with no faces.

After reading this report, the American government at last said that Area 51 does exist, but let out nothing more. Are there aliens on Earth? What do you think?

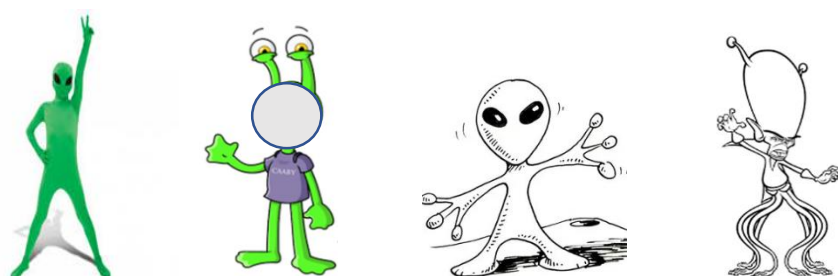

space 太空 government 政府 planet 行星 diameter 直徑 exist 存在

43. What is the reading mainly talking about?

- (A) How aliens travel to the Earth.
- (B) A scientist's study on UFOs and aliens.
- (C) Why aliens are good workers.
- (D) There is no life out of the Earth.

44. According to Dr. Bushman, what may the alien look like?

- (A) (B) (C) (D)

45. Which may be part of Bushman's interview?

- (A) ... During my stay on Quintumnia, I saw that there were little difference between us and the aliens....
- (B) ... that is not true. All the reports about Area 51 and aliens are stories by movie makers...
- (C) ... There are lots and lots of aliens living on earth. However, it's not easy for us to tell (分辨) because they can make themselves(他們自己) look like us.
- (D) ... They don't need to sleep, and they can live longer(更久) than(比) us.
